DONATE NOW

For the past 10 years Atlas Foundation for Autism has enabled students of all ages (3-21 years and beyond!) and all abilities (diagnosed with ASD, LD or other developmental differences and neuro-typical) to find their own happiness, explore learning with love and passion and to express themselves howsoever they choose. We also create a community space where parents, professionals and like-minded dreamers can gather and collaborate. Simply put, we are Atlas.
