## What's it All About?

**The premise is simple:** children with autism and their families can drop-in to play, gather, and connect with the community in a worry free environment, where acceptance is the norm.

A welcome place for the autism community to come together and **enjoy our 7,300 sq. ft. facility.**

An excellent way for parents to connect with their kids in a fun and dynamic space.

A great space to relax with other parents and chat over a cup of coffee or hot cocoa.

A fantastic area for kids to play in our gym, use the music room, do arts & crafts and play pretend.

## 100% FREE

We simply ask that participating families give what they can to help us continue making ATLAS a happy home for our entire community. Donations of any amount are appreciated & will help provide **refreshments & materials** for Open Play Community Days
